platform

INTRODUCTION

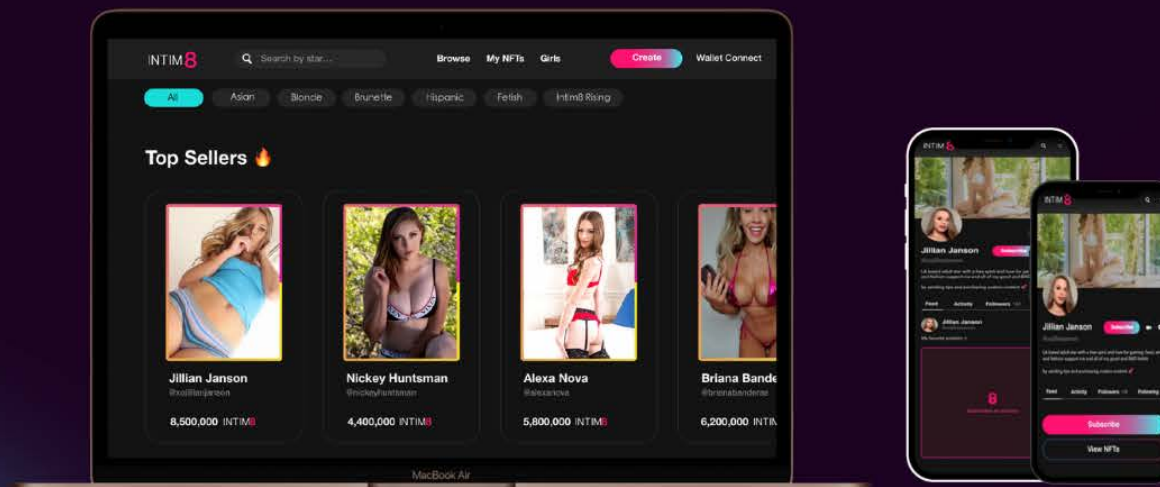

- Intim8 will be an 18+ NFT, livestreaming, and content sharing platform that will disrupt the adult industry. We aim to dramatically change the experience for both fans and creators.
- With our platform's currency, \$INTIM8, fans will be able to access their favourite creators. Subscribing, buying NFTs, tipping, private messaging, and 1-on-1 video calls are all conducted with our \$INTIM8 token.
- Fans can anonymously watch, message, and call their favorite creators without worrying about their bank transaction history.
- Creators keep nearly 100% of their earnings, protect the copyright of their content, and access a new revenue stream via selling NFTs of their best scenes.

STREAMING & NFT PLATFORM

Through the Intim8 platform, creators will be able to livestream and showcase their best work, attracting new fans who'd like to watch anonymously and tip generously. In addition, creators will be able to turn their exclusive content into NFTs minted via blockchain technology. This provides them with a truly new and captivating income stream, both from the initial sale of the NFT and royalties from the sale of the NFT in perpetuity. In short, Intim8's streaming and NFT platform will provide creators a chance to monetize their content in a new and exciting way to a massive audience.
